Meet the Designer

Ledine is the owner and creator of Sugar Stitches Quilt Co! She's a self-taught quilter and will forever be thankful to this creative outlet for giving her a sense of purpose and keeping her sane throughout all of life's ups and downs. As a self-proclaimed perfectionist, she struggles to find creative activities that are more fun than frustrating. When she first ventured into the world of quilting, she faced some of this frustration head on before realizing that she didn't have to attempt the most difficult patterns or projects in order to feel satisfied with the final project. Can you relate? This is the life lesson that she wants to share with her corner of the quilting community: Whether you're new to quilting or a long-time expert, there is plenty of fun to be found in sweet, simple projects like the ones she creates and shares.
